

Raintree Connect™

Patient Engagement for Rehab Therapy

Communicate with purpose and drive better outcomes. Leading therapy organizations use Raintree Connect™ to create modern, impactful patient journeys.

Patient engagement tools that keep your practice connected.

Patient Communications

Automate appointment reminders, pre-registration, post-visit follow-ups, recapture of canceled appointments, and more via email and text messaging.

Track Patient Satisfaction & Outcomes

Collect Net Promoter Score (NPS), Therapy Value, and Patient Reported Outcome surveys—without the friction.

Referral Management

Strengthen referral relationships and patients' access to care with intuitive lead tracking and eReferrals.

Embedded Telehealth

Built-in teletherapy with virtual waiting room, multi-attendee participation, screen sharing, and more.

For **83%** of consumers, digital communication options significantly impact decision-making when selecting future healthcare providers.¹

Transform how you deliver care with patient engagement tools designed to keep therapy practices ahead of the game.
