

If you're not on Raintree,
you're settling.

With Raintree, *it's personal.*

Our clients span **8,500** clinic locations across all **50** states

Industry-leading **99.9%** uptime

We support **50+** million patient visits each year and **\$4.7** billion in payments

The only proven ONC-certified EHR in rehab therapy

99th percentile SecurityScoreCard™ ranking

The only native-built AI scribe for rehab therapy

Choose the trusted EMR for the most growth-oriented, progressive, and profitable practices in rehab therapy.

Does your EHR offer:

- A proven ONC-certified solution?
- Scalability and configurability to support your growth?
- The ability to handle data transfers of large amounts of patient data?
- A comprehensive, all-in-one billing solution versus an external 3rd party integration?

3 More Reasons to Choose Raintree:

1. Our interoperable EHR provides a unique referral advantage—while improving patient care coordination and outcomes.

More front office highlights:

- ✓ Self-scheduling, registration, and check-in
- ✓ Automated eligibility and authorization
- ✓ Two-way SMS, NPS surveys, and more

“I think that there’s a reason that Raintree is the biggest out there. Their customers have demanded it, and they have responded to that demand.”

2. Raintree ScribelQ™ is the first and only native-built AI scribe for therapy.

More clinical highlights:

- ✓ Specialized documentation templates
- ✓ Automated workflows and tasks management
- ✓ Integrated HEP and RTM

“We’ve not only seen a natural increase in units per evaluation [with Raintree ScribelQ™], but more importantly it’s given our therapists a significant gain in work-life balance.”

Complete documentation in <5.5 mins per standard eval.

3. Best-in-class billing software and expert RCM Services.

More back office highlights:

- ✓ PCI-compliant payment solution
- ✓ Platform-native credentialing solution
- ✓ Enterprise-grade Business Intelligence

“We got paid quicker, with fewer denials.”
